Dear Mr. Park:

Re: Notice of Intention to Commence Small Mining Operations, Claims
MM 0-32 and MM 33K-38K, S/041/013, Sevier County, Utah

Thank you for your Notice of Intention to Commence Small Mining Operations received by the Division on July 14, 1988. The application is complete and no additional information is required at this time.

Since the project is located on Bureau of Land Management (BLM) managed land, the Division will defer to their recommendations for regrading requirements, and a specific revegetation seedmix. However, we can provide recommendations in any of these areas if requested.

Should you wish to expand your operations beyond the five (5) acre limitation, please notify this office as soon as possible to avoid any unnecessary permitting delays. When a Division representative is in the area, we will make an inspection of the minesite.

Thank you for your cooperation, and best wishes in your mining venture.

Sincerely,

D. Wayne Hedberg
Reclamation Hydrologist
